

RELATIONS WITH PARENT ORGANIZATIONS

The Board supports all organizations of parents whose objectives are to promote the educational experiences of District students. However, in using the name of the District or its schools and in organizing a group whose identity derives from a school(s) of the District, parental organizations share responsibility with the Board for the welfare of participating students.

Parent organizations desiring to use the name or offices of the District to organize students must obtain the approval of the Board as a prerequisite. Continued use of the school's name, logo, mascot, etc. is contingent upon compliance with all applicable Board policies and regulations.

Principals and staff members need to work closely with the officers of all parent organizations to provide a sustained system of activities that increase and enhance the educational opportunities for students. The activities must be integrated and balanced in accordance with the total District educational program and District goals and objectives and must comply with all State and Local law and regulations.

Parent organizations that wish to construct anything on school property must have the permission of the Board in advance of the construction project. The organization must provide the Board, in writing, proof of financial stability and that funds are available for the construction project.

Acceptance of donated equipment or materials may depend upon the compliance with, or experience related to, the Board's policy of standardizing materials and equipment.
