

NEWS MEDIA INTERVIEWS WITH STUDENTS

The Board permits the interviewing of students and staff during the school day only if the interviews, in the judgment of the principal or superintendent, do not disrupt the educational program, tend to cause undue confusion, or infringe upon the rights of the students or staff. Except in unusual circumstances, the parents of students sought to be interviewed by non-school personnel will be notified prior to the interview and will be asked for their consent for the interview.

Adopted by Board: May 29, 1980

Amended by Board: August 10, 1989
