

COMMUNITY INSTRUCTIONAL RESOURCES

Helping each student develop to his/her full potential and to become a citizen contributing to the welfare of this community are important objectives of Huber Heights City School's educational program. The Board will encourage administrative and instructional personnel to rely on the community as one of the educational resources at its command. The Administration will direct a community instructional resource program designed to involve the citizens, institutions, and environment of our community in the education of its children.

The Superintendent will have supervisory control over the community resources program, which will include the school volunteer service. Members of the staff and of the community will be encouraged to offer their ideas and services through the channels which the Administration develops.

The Superintendent will report to the Board on the involvement and effectiveness of the community resource program.
