

MUSE MACHINE provides its members with an education rich in arts experiences in-school and out-of-school. With your membership, you get free admission to great in-school performances involving drama, dance, and music of all kinds. You can buy discount-priced tickets to various musicals, plays, opera, ballet, orchestra and more at great Dayton locations like the Victoria Theater and the Schuster Center. Membership allows you to audition to sing, act, dance, or be in the stage crew for the fabulous MUSE MACHINE musical held each January at the Victoria Theater. The Dayton Art Institute is a field trip destination for a tour and hands-on workshop. Throughout the year, member-only incentives surprise us with more fun and experiences such as back-stage technical instruction, training from the cast members from Broadway or the London stage, visits with actors, filmmakers, playwrights, performing artists, and much more.
