

BOARD-STAFF COMMUNICATIONS

The Board wishes to maintain open channels of communication with the staff. It is recommended that the basic line of communication is through the Superintendent.

Accordingly, all official communications, policies and directives of staff interest and concern are communicated to staff members through the Superintendent. The Superintendent develops appropriate methods to keep staff members informed of the Board's issues, concerns and actions.

Board members must recognize that their presence in school buildings could be subject to a variety of interpretations by school employees. If a visit to a school or classroom is being made for other than general interest, Board members shall inform the Superintendent and make arrangements for a visitation through the principal of the particular school. General interest visits are defined as informal expressions of interest in school affairs and not as inspections or visits for supervisory or administrative purposes. Board members will indicate to the principal the reason(s) for the visit. Official visits by Board members are carried out only under Board authorization.
