

**Dear Parents/Guardian of 6<sup>th</sup> Grade Students;**

**Your 6th grade child DOES NOT have current shot information at school.**

STUDENTS CANNOT ATTEND SCHOOL WITHOUT IMMUNIZATIONS.

**Please update NOW & send records.**

All students entering the 7<sup>th</sup> grade in fall of 2019 are required to provide elementary school clinics with proof that they have received a Booster Tdap Vaccine (Tetanus, Diphtheria and Pertussis) and MCV4 (Meningococcal Vaccine) per ODH immunization recommendations by May 23, 2019. If your child received a Tdap after 8/2014, this would meet this Tdap immunization requirement.

**Your child will be excluded from school without these immunizations by August 29, 2019.**

Please ask your health care provider for written proof that your child has received this booster Tdap and Meningococcal vaccine, or turn the following into the school clinic via call, mail, scanned and e-mailed, or hand delivered to the school office. Call the school clinic with any questions.

**Student's Name:** \_\_\_\_\_ **D.O.B** \_\_\_\_\_

**Date of Tdap Booster Vaccine: (after 8/2014)** \_\_\_\_\_

**Date of Meningococcal Vaccine:** \_\_\_\_\_

**Health Care Provider:** \_\_\_\_\_

**Parent's Signature:** \_\_\_\_\_

Local Pharmacies and Minute Clinics may offer this vaccine for your child. Call them for availability of the vaccines. Public Health @ 225-4550, Children's Health Clinic @ 641-3500, and Five River's Health Center 276-4141 will provide vaccine by appointment only. Bring a copy of your child's immunization record.

**Please make an appointment with your healthcare provider now to beat the summer and fall rush!**

Sincerely,  
HHCS Health Services
